The rear of the large hall in which Sanders performed was filled with claquers paid by the "grand old party" to appland, and they hooted, yelled and whistled as they seemed to think it necessary. The only difficulty they had in applauding was their inability to discover the point of some of Sanders' coarse wit iclams, for instance, the joke (?) about Abdaham Lincoln's free wool, it took the claquers nearly five minutes to understand the meaning of that attempted witnessm, and they applauded, greatly to the amusement of the rest of the audience, when Sanders was laboring with dry lead and wool statistics.
